

SOCIOMETRICS PROJECT No. 65

EVALUATION ASSISTANCE FOR “BRIDGE TO EMPLOYMENT PROGRAM,” MOUNT ST. MARY’S COLLEGE (MCMC)

Sociometrics worked with MCMC to develop an evaluation design that included recommended times for intake, exit, and follow-up data collection, and for the identification of sources of comparison data. Sociometrics advised MCMC on the development of a participant questionnaire to include intake, dosage, and outcome measures needed for program evaluation, and reviewed and commented upon a draft questionnaire developed by MCMC. Thirdly, during the evaluation, Sociometrics advised MCMC on data collection, data entry, analysis, and report writing throughout the project period, and reviewed and commented upon a draft of the analysis report prepared by MCMC.
