

## **SOCIOMETRICS PROJECT No. 118**

---

### **DATA ARCHIVE TRAINING**

The UPPI data archive training involved training the archivists of the University of the Philippines Population Institute (UPPI) on all of Sociometrics' archiving procedures, how to use the new Access and data conversion applications developed at Sociometrics, various methods for conservation of data and documentation, and developing a web site for data users. Manuals, the Access Archive System Database, and the Data Conversion software were provided. A software use agreement has been signed by UPPI-DRDF.
